Circuit Judge Billy Joe Sheffield got a bit uptight over a Letter to the Editor in the Abbeville Herald last week and hauled the letter writer into court, found her in contempt and fined her \$100. He later had second thoughts and to stop at stop sign. reversed his decision. Sheffield is new on the job and we suspected he is one of our younger judges. We saw his picture this week and he is a younger judge. Age may not allow a person to like criticism, but it will teach a person to accept and/or ignore it. Had he done this, the letter would have been limited to a circulation around Abbeville (about 2000 papers); but his antics brought the entire matter to the 105, with no injuries (3:07 attention of many thousands more, as daily papers picked up on the issue . . . an issue any judge should have known was decided many years ago -- and the letter writer won.

Former Governor Big Jim Folsom got some publicity this week as he celebrated his 75th birthday. The Elba native didn't come back to his boyhood home for the event but celebrated it in Cullman. We suspect he was as feisty as ever about his "one man, one vote" slogan.

Two weeks we noted that the city council meeting lasted approximately 15 minutes. Well, things are still mighty quiet on the home front, and the meeting Monday night was even shorter . . . this country boy was out of the building twelve minutes after the meeting had begun. There was no apparent rush to get finished -- just very little business that needed council attention.

We get into the worst trouble over matters we don't even consider potential problems. The same is true this week. We had some folks upset last Friday night when we moved intoxicated driver on Claxton our football picture-taking machine around to the Troy Avenue (7:27 p.m.). sidelines. We even heard some muttering of "traitor!" Actually, we were trying to get out of a crowd and have more Saturday, October 8 room for our work; plus, I guess after all the years of doing this, we wanted a different angle. We didn't get either - as the Troy sideline was just as crowded and hot, sweaty ballplayers look the same from either side of the field; we moved back to the Elba sideline before the first half was over. We assure our sharp observers that we haven't deserted the ship.

We feel a little bit hurt over the news that the Atlanta (3:17 p.m.), a wreck at Jones Braves have released pitcher Phil Niekro. We don't and Reynolds (3:29 p.m.), a particularly support Niekro, but we defend all those "old men" on pro teams, and this man was the oldest of the old in major league baseball . . . gosh, he had already passed 40 years of age. We have heard our children fuss when he was pitching because he is "too old"; but we would like to knock off a few of our birthdays and also be in the physical condition this man is in. Yet we fully understand that very few pitchers last as long as he has.

Interior Secretary James Watt has finally resigned after again putting his foot into his mouth. Many groups fought him over his position on national forests, oil drilling, etc., but it was Watt's mouth that was his final downfall.

Leu Hammonds, an Elba native, is a candidate for the city council of Montgomery. While he didn't get a majority of the votes in his district, he outpolled his nearest opponent five to seven in a field of six. All six are newc race, except the second high vote-getter who lost four years ago, with Hammonds getting the endorsement of the predominantly Black ADC. Hammonds left Elba for a twenty-year career in the U.S. Air Force, retired in Montgomery, and has since been engaged in the real estate business. He needs about 250 more of the votes cast to have a clear majority, and we expect his opposition will probably

To Observe

There are many needs now is love, sweet We have heard various and has been there all along. The answer is the Word - an that Word is Jesus, the Bible

> community, state, national or world problem, the answer is Jesus. He is not only able to meet our need, but can also solve our problems. The answer is so simple that most of the world complete overlooks it. If you wil search the Scriptures, you will find that time and again He has solved problems from personal to national.

It doesn't matter whether

it is a personal, family,

The basis for today's roblems is sin, and the lifficulty here rests in the fact that most are not desperate enough to admit their sins. Paul, in Romans 3:23 said, "All have sinned." John says in I John "If we say we have no sin we deceive ourselves," and in I confess our sin He is faithful

and just to forgive us our sins and to cleanse us from all These truths apply to all, from the lowly to the highest. The answer is Jesus.

FARM APPRECIATION DAY HELD

Representatives of some of the area clubs and businesses athered at the Coffee County Courthouse in Elba, Saturday, October 1, to celebrate Farm Appreciation Day. Under the shady trees at the Courthouse Square there were different and interesting booths set up for passersby to observe. There were farm equipment and farm products displayed for the people to see with friendly people there to describe and to explain how each item works.

There were also free peanuts given away and large bags of them given away every hour by a drawing which was held. Candies, cookies, and cupcakes were sold by several of the clubs, which had booths. Pamphlets and free advice were also given to the observers. Farm Appreciation Day was sponsored by The Elba Chamber of Commerce.

JOIN UP

All students at Elba High can join up and get involved in extracurricular activities, such as clubs. Most of the clubs elect new members based on certain qualifications. Some of the qualifications are leadership, villingness to work or interest in the club.

Each club enjoys all activities, whether they are school related activities or not. The main club or the most important club at school is the Student Council association or SCA. To become a member of the club, you have to be nominated by your homeroom and then be one of the three from your grade selected by the

to improve school conditions. To become a member of the Beta Clubs, one has to maintain at least a B average for two consecutive semesters. The purpose of the club is to promote the ideas of honesty service and leadership among students of America. 7th-12th graders are invited to participate in one of the two Beta Clubs. Chi Alpha Mu and Mu Alpha Theta are the math clubs at EHS. To become a member, one must meet the same requirements as the Beta Club and also must be enrolled in a mathematical course and be in the 8-12 grades.

To become a member of the French Club, one must be enrolled in French or have taken two courses of French. French is offered to students 9-12 grades as an elective

in a science related subject. You must be in the tenth, eleventh or twelfth grades.

Other clubs to get involved in are FHA, FFA, and VICA.

To be a member of these clubs one needs to be enrolled in a favorite class is English of the favorite class in the favorite class include reading and the favor

I had been quiet all season long and had simply done my job of keeping stats, until last Friday night. Against Troy I hollered until I became hoarse, and then I hollered some more -- but not quite so loud. Big games always bring out

WIN KEEPS TIGERS IN HUNT FOR AREA CROWN

Friday night's win over Troy kept Elba undefeated in Area competition and put it in first place in the Area 3 standings. Elba still has three very tough area games left against Ashford, Abbeville and Andalusia; and it will take two wins to clinch a spot in the playoffs. It won't be easy, but at least the Elba players know what they have to do and won't have to depend on anyone else.

The win over Troy marked the ninth time in the last 10 years that Elba had defeated the Trojans, and it was particularly sweet because it came after a devastating loss to reenville. Elba's players showed spirit, pride and character in bouncing back to win, and took a big step toward becoming a very good team.

The offense looked real good all night and was never really stopped by the Troy defense all game long! The offense stopped itself with two fumbles, but other than that,

moved up and down the field. They blocked well (they must ave!), opening holes that allowed our backs to gain over 250 yards, and the Tiger backs ran hard. The Elba offense definitely had a good night!

The defense gave up a lot of yards and allowed Troy to go on a 99-yard drive, but "bowed its neck" when it had to and had a goalline stand just before the half that loomed very big when Troy pulled within 21-12. The defense kind of got pushed around; however, it was aggressive and fought all game long. Not super, but a winning effort for sure! Looking back, I guess the most impressive thing was that Elba won when it had to. A loss would have put Elba out of the playoff picture; but the players withstood the pressure and came through with the win. JUNIOR TIGERS GET IN THE WIN COLUMN

The Elba Junior High Tigers finally got in the win column last week, and in doing so avenged a 12-point loss to Opp only three weeks ago. The Junior Tigers showed a powerful running attack, led by Richard McKinnon, and really passed some licks on defense. I believe if the Junior ligers hadn't had a mixup in their schedule, a win would have come long ago!

A BIG WEEK FOR COUNTY TEAMS

It was a big week for the county schools as New Brockton won over arch-rival Zion Chapel, and Kinston won over Wicksburg at Homecoming. Here's a quick look back:

***New Brockton made it look easy as it defeated arch-rival Zion Chapel 32-8. The Gamecocks are the "class" of the county schools when it comes to football, and have all but given the trophy which is given to the "county school champs" a permanent home. Zion Chapel is getting better, but it will still take a while before they'll be ready to hallenge the Gamecocks. ***Kinston pulled off an exciting 18-12 double-overtime win

over Wicksburg to give Coach Ronnie Cottrell his first win

ever! The Bulldogs have a very young team that is growing

up a little each week, and before long they're going to grow

The seventh week of the season is now history, and as always, there were plenty of big games. Here's how a few

***Opp made only two first downs and had only 62 yards in total offense, but played tough on defense and gave Greenville a scare before falling 7-0. The Bobcats have to be the best 0-6 team anywhere!

***Ashford continued to be a defensive power, but could put only two points on the board and lost to Abbeville 6-2. Both of these Yellowiackets have mighty good teams. ***Andalusia evened its record at 3-3 with a 17-7 win over Jay, Florida. The Bulldogs aren't your typical .500 team, I'll

betcha!
***Brundidge broke a two-game losing streak with a narrow
The Bulldogs were 12-6 win over Daleville in overtime. The Bulldogs were early season picks to win it all, but are now 3-3 with four tough games to go. ***Luverne, which lost to Brantley and Highland Home in

secutive games, pounded Georgiana 34-17 to all but clinch a berth in the playoffs. The road has been rough, but it looks like Luverne has made it. ***T.R. Miller saw its unbeaten season - and hopes of a playoff spot - dashed when it lost to Atmore 20-0. An tmore win this week will clinch the Area crown for the Blue

***Sweet Water jumped into the 3A ranks to battle unbeaten Thomasville and got shelled 28-6. Sweet Water now knows how life can be in 3A. ***And, Enterprise shut out Lanier 17-0 to remain undefeated. The Wildcats' offense is sputtering, but the defense looks like true champs.

COULD THIS BE THE WORST?

Whenever a ref misses a call everyone says, "That's the worst call I've ever seen." I've said it myself a hundred times, but now I have seen the "worst!" Of course, I'm referring to the call that cost Alabama a touchdown and the game against Penn State. What can you say? "It stunk!" The Zion Chapel Rebels will also be on the road as YE OLE POLISH PROGNOSTICATOR

Ye ole Polish Prognosticator hit on 35 of 38 picks last week, which is 92 percent correct. Not too shabby a week! For the season I've hit on 229 and missed 47 - or 84 percent. Hope my luck holds up.

The Yellowjacket defense has a deadly sting, and the Tigers had better be careful! Elba has always found the going tough in Ashford and this year could be the toughest yet. Just barely - I see it . . .
